Wellman Wins Annual Claresholm Golf Tourney

A small contingent of Vulcan golfers took in the Claresholm annual golf tournament on Sunday, September 8, and most of them made the prize list.

Ray Wellman won the men's championship flight, shooting a three-under-par 63, to top Glen Bouzyan of Stavely by four strokes. Glen Gorbous won the First Flight with a one over par 67, with Carl Nelson taking second spot.

In the ladies' section, June Wellman took third place in the ladies' championship flight. A total of 98 golfers attended the tourney.

Men's and ladies' club championships of the Vulcan Golf Club were decided this week with both honors going to the Gorbous family. Glen won the men's title defeating Carl Nelson and Fay Gorbous won the ladies' honors by defeating Lorean Horne in the final.

Harvesting Over 50% Completed As Weather Holds

Perfect harvest weather in the form of warm days and warm nights, with very little wind, has been enjoyed the past two weeks and it is estimated that harvest will be over 50 per cent completed by this weekend. Temperatures this past week or so have been 10 degrees over normal for this time of year.

The "spotty" condition of this year's crop is evidenced by the fact that some farmers are almost finished combining while others are just starting to swath this week.

Yields reported so far show a great variation, but most reports indicate a better-than-average yield. One disappointing feature, of course, is the prevalence of red rust in fields of Red Bobs wheat, anticipated good yields being cut in half or less.

Flax crops will be generally late but most show promise of good yields.

The weather forecast for Wednesday was for cloudy, cooler weather with light, scattered showers.

LEARN BY EXPERIENCE

Honey gets somewhat thin in hot weather too. One of my small grandchildren was making a slosh spreading it on her bread in 90-degree weather in Ontario.

"Mummy," she said, "this honey is awful droopy."

Another youngster had surreptitiously tried some egg nog sprinkled with nutmeg. It had been prepared in small glasses for a grown-up party.

Later, she confessed, saying "But I scraped off the dust first."

Ceremonies Honor Central High Grads

Fifty-eight grade 12 high school students enrolled in courses leading to Diplomas at Vulcan County Central High School in 1962. Fifty returned successfully to be acknowledged and congratulated at impressive graduation exercises held last Friday night, setting an exceptional pass standard for the school.

Following a banquet at the Vulcan Cafe, County School Committee representatives and teachers took the stage at the High School to introduce to parents and guests, winners of bursaries, scholastic awards and shields.

Principal H. H. Mumby and vice-principal Fred Cartwright organized the evening program

which opened with announcement by school committee chairman J. M. McKay, of the 1963 County of Vulcan bursary winners. Seven applications were received and though four is the normal number considered, it was felt there was justification in awarding the full seven this year. Winners are: Margaret Giles, Vulcan; Mary Mumby, Vulcan; Lois Huff, Lomond; Wallace L. Anderson, Milo; Gary J. Beagle, Arrowwood; Gary Bertrand, Milo; Wayne Green, Mossleigh.

The County bursary provides \$300 per year for two years in the University faculty of Education with the provision that the student returns to teach within the County

for two years, following graduation.

Mr. McKay voiced the satisfaction of the School Committee on the grade 12 results. He said the reputation of the committee was at stake in its implementation of school centralization and the clearest measure of progress is in the number of graduates.

In his message of congratulation to the students, County School Superintendent E. K. Hawkesworth said, "We choose our direction early in life and it is there that basic decisions are made. Think very seriously before you decide this is the end of your formal education." He said society today needs more people with advanced education.

Valedictorian Ross Ens recounted the earlier school years of his fellow students and felt he voiced their sentiments regarding the patience, understanding and help given them at home, in the classrooms and in the community. With this solid foundation of knowledge and an awareness of the outside world, he claimed the class was ready and willing to look forward to the future and take its part in the leadership of the country.

Sandra Bloxham, with an average of over 80 per cent, won the Grade 10 Academic Shield which was presented by Guy E. Voisey, town representative to the County School Committee.

The Grade 11 Academic Shield was presented by County Secretary D. D. McQueen to Clarence Graff.

Jean Hess and Ross Ens tied for the Grade 12 Matriculation Shield, presented by Miss McKay.

Another tie was announced by Mrs. Eunice LaRoche in the Harry LaRoche Memorial Trophy for best all-round student. Recipients were Shirley Markert and Charles Brinton.

Leon Eaulclair Dies At Age 89

A resident of Vulcan for the past two years, Leon Eaulclair died at Vulcan on Saturday, Sept. 7, following a lengthy illness. He was 89 years of age.

Born in Grepoure, France, Mr. Eaulclair came to Canada to the Fort Vermilion district, where he was a ferry captain for 40 years. He is survived by one daughter, Sister Ann-Theresa, Des Marese, N.W.T., and one niece, Mrs. Charles (Marien) Gruszke of Vulcan.

Requiem high mass was celebrated at St. Andrew's Church on Monday, September 9, at 9:00 a.m. and interment was in the Vulcan cemetery.

The Vulcan Funeral Home was in charge of arrangements.

County Meetings Held; Tax Collections Average

The regular August meeting of the School Committee of the County of Vulcan No. 2 was held in the Council Room, County Building, Vulcan, Alberta, on Monday, August 12, 1963. Committee Chairman J. M. McKay, presided and Committee members Frank Thurber, Arthur Cutforth, A. McAllister, G. E. Voisey, R. O. Bertrand and George Moses were present. Also present at the meeting was D. D. McQueen, secretary-treasurer.

A letter from the Lethbridge Junior College in respect to the County of Vulcan making application to join the college area, was read. The letter set out the advantages to the county having a membership in the area and gave tentative information as to the cost. It was noted that the county and the Lethbridge College administration would negotiate the amount of assessment on which the requisition would be based. The letter stated that the present requisition was one half a mill on part of the equalized assessment. In the previous letter from the county to the college it was suggested that about 25% of the County would be directly attributable to the college area and that probably this should be the basis of equalized assessment upon which the requisition should be charged. Committee members discussed this matter at some length, and one of the points raised was that of those students who lived too far away from the City of Lethbridge and wanted to go to a junior college in Calgary, and some arrangements should be made to look after this portion of the County. It was decided by the committee that this matter be tabled for this meeting.

A letter from the Secretary of the Village of Arrowwood, stating that after November 30th, all private sewers in the Village would be outlawed, and requesting that the County connect its school and teacherages to the village sewer, was read. Committee members discussed this matter and it was noted that the health authorities had advised that no official directive had been issued but that it was highly desirable that the county make use of the village sewer. Committee members felt that a request should be made to the village to permit the County to use its own disposal field for this year as there had been no provision in the budget for a change-over and the disposal fields had been repaired and were now in perfect condition. It was felt that the change-over could be made during the summer holidays of 1964. The Secretary was instructed to write a letter on behalf of the School Committee.

It was moved and carried that the County purchase one 1000 U.S. gallon propane tank complete with two regulators installed f. o. b. Lomond, from Pitcher's Propane Service for the sum of \$527.50.

The Secretary read a letter from

R. N. Graham, Red Deer, in which he offered the sum of \$150.00 for the old boiler and stoker taken from the Carmangay School fire. It was moved and carried that this offer be accepted.

The Secretary brought up the matter of consolidating the County's insurance policies and read a letter from Jack Edworthy of the United Grain Growers Insurance Agencies in which he outlined the advantages of having a single policy that would cover all phases of county insurance. He also suggested in some instances raising the coverage, especially for public liability for schools and non-owned vehicles. Also mentioned was the accident insurance for councillors and school committee members at \$10.00 per year each. It was moved and carried that the School Committee recommend to the County Council that consideration be given to the consolidation of the insurance under the policy as suggested by the insurance company.

The Secretary read bursary applications from the following: Miss Mary Mumby, Miss Lois Root, W. L. Anderson, Gary Beagle, Gary Bertrand.

Committee members decided to wait until after August 31st before making a decision on the bursaries, and in the meantime, instructions were given to advertise in the Vulcan Advocate the fact that applications from students for a bursary would be received in the County Office until August 31st.

The Secretary reported to the Committee in respect to the third steel teacherage which was being moved to Vulcan, and advised that an application had been made to the Town of Vulcan for a building permit to put the building on Lot 1 Block 27, which had been tentatively purchased from Russell Smith. The purchase was made on the understanding that the building permit would be obtained. The Secretary of the Town of Vulcan advised that the Council had refused to grant the permit and arrangements to purchase the lot had been cancelled. Other locations in the town were considered and the Secretary was instructed to make enquiries from Lester Johnson in respect to Lots 4 and 5 adjacent to the property where the two teacherages are being erected.

Committee members inspected the work being done on the teacherages at this time and were satisfied with the progress being made. It was noted that the painting was well under way and work had been going on in the basements. The cement had been poured for the outside entrance to the basements, and cement slabs in the basements for the furnace and water heaters had also been completed.

The matter of supplying assistance to students who leave the County to attend private high schools was discussed. It was noted that one or two applications had been made for assistance for pupils attending Bible School, and the Committee set a policy that no assistance be granted to this type of school. The only assistance to be granted to a school other than (Please turn to Page 7)

Reid Hill W.I. Observes 50th

Women's Institute members from Queenstown, Thigh Hill, Chumpton and Kirkcaldy were present Thursday afternoon, September 5, to help Reid Hill W.I. celebrate its Golden anniversary, in the Anglican church hall.

Mrs. J. French, the vice-president welcomed the visitors and called upon Mrs. Jack Marshall to act as chairman. Mrs. Marshall commented on the pleasure she felt to see some members who had been active the entire 50 years as well as former members present for the occasion. She re-

minised on the first five years of the branch's activities, recalling many incidents of those early days. She commented that one of the prime accomplishments of the W.I.'s existence was providing 'opportunities for those early settlers to get out and meet each other — and have interests outside the home. Mrs. Marshall recalled the active years of the first World War, when all endeavors were directed towards raising money to help with the war effort. At one time the sum of \$300 was raised by holding dances, auction sales

and many other activities, and this money was sent to purchase wheel chairs for veterans in hospitals in England. The membership in those days was two or three times that of today, there being so many less interests throughout the districts. However, the spirit of good comradeship prevailed and provided many a much needed diversion. Mrs. Marshall also had the pleasure of reading a letter of congratulations from Reid Hill's first W.I. president, Mrs. T. A. Bryant, now re-

New Teachers Welcomed

Enrollment In County Schools Reaches 1989

The schools of the County of Vulcan No. 2 opened on September 3 with complete staffs and an enrollment of 1,989 students, an increase of 54 over last June. One hundred and fifty-eight Grade 1 students were introduced to the routine of formal education.

Pre-registration at the Central High School enabled regular classes to begin on Wednesday afternoon.

On Thursday morning, principals of four high schools, Milo, Lomond,

Barons and Vulcan, met with L. G. Hall, Inspector of High Schools, and E. K. Hawkesworth, Superintendent of Schools, to confirm programs and consider curriculum changes.

The first meeting of the Principals' Association was held on Thursday afternoon. Officers elected for the year were: President, H. Mumby; Vice President, H. Cummins; and Secretary, D. Green. Mr. Sharma, Principal of Barons School, was welcomed as a new member of the group.

An orientation meeting for teachers new to the County was held in the Vulcan Elementary School on Thursday afternoon following dismissal of classes. Sixteen men and ten women from seven Canadian provinces and England made up the new members of the staff. Introductions were made by the principals of the various schools, and D. D. McQueen, Mrs. Caroline Johnson and E. K. Hawkesworth spoke briefly on matters of concern to the new staff members. The teachers then adjourned to the New Club Cafe for a dinner meeting and were welcomed by J. M. McKay, Chairman of the School Committee.

Recipients of Class Shields at County Central High for 1962-63 are shown above with two of the donors. Back row from left to right are students Ross Ens and Charles Brinton, Guy E. Voisey,

Town representative to the County School Committee and D. D. McQueen, County Secretary. Front row: Jean Hess, Shirley Markert, Sandra Bloxham, Clarence Graff.

Black Squirrel Still Around But Still Elusive

The black squirrel which made news a couple of weeks ago is still climbing trees and surprising people around town.

First reported by Glen Dahl from his neighborhood, this visitor, apparently a stranger to western prairies, has since been seen over by the elevators and also near St. Andrew's Catholic Church. At 7:00 a.m. Saturday, Aug. 31, the early-rising "Swede" Robertson phoned an Advocate staff member to say the frisky fellow was posed for a photo in their trees. The staffer's wife took the call and the photographer slept on.

Larry Hagg says the squirrel is a daily visitor around his elevator, possibly sizing up the thousands of bushels of stored grain with an eye to a winter stay.

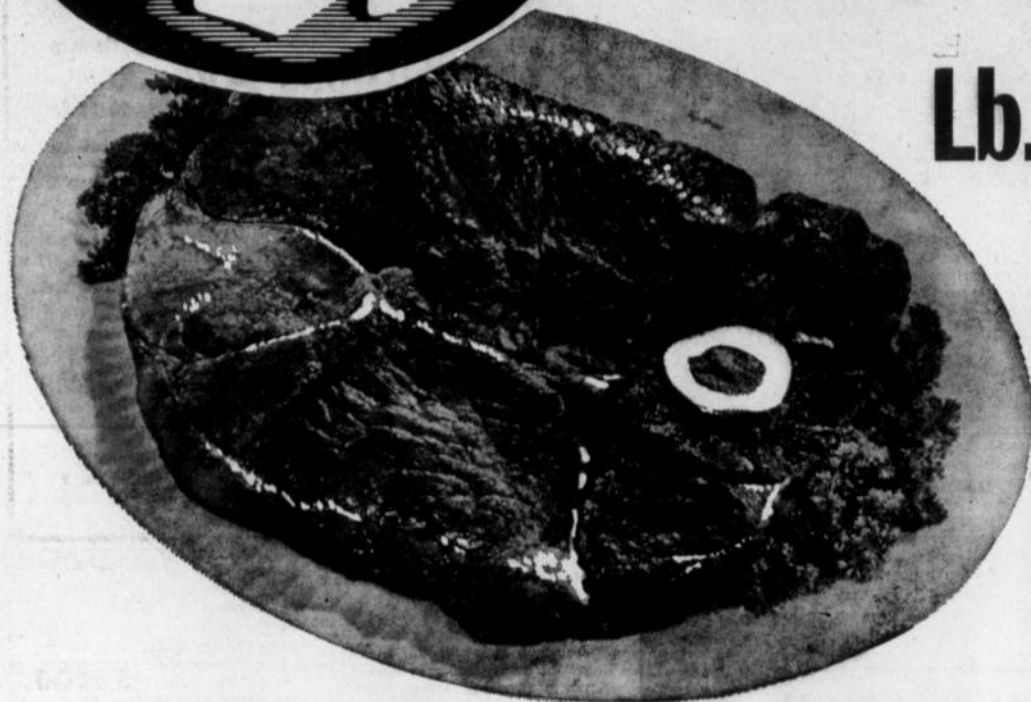

The Advocate is still looking for a picture.

When seen Wednesday morning the squirrel was atop the Anglican church.

TEXACO FARM TIPS...

PROTECT
DIESEL FUEL
INJECTOR
WITH PERIODIC
TANK DRAINS

The fuel injectors in your motor can rust from the condensation caused by temperature changes in the fuel tank on your rig. Many operators have pretty well solved this problem by partially draining the fuel tank at regular intervals. Simply draw off about a gallon of fluid through the drain valve at the bottom of the fuel tank. You lose some fuel this way, but you also get the accumulated water and other contaminants clear out of the fuel system. The cost of the fuel you drain off is a small loss compared to the repair bills you save on the fuel injectors. To obtain maximum drawbar power from your diesel; to secure steady, trouble-free running at minimum cost, always use Texaco Diesel Chief. Wherever you find the big jobs, you'll find Texaco Diesel Chief. Diesel Chief is available on prompt delivery from your Texaco Farm Supplier—the man you trust for the efficient provision of all your fuel and lubrication requirements.

MILLIKEN - PELLETIER
Southminster United Church Chapel, Lethbridge was the scene of a pretty wedding on August 23, when Audrey Alvina, daughter of R. Pelletier of Barons and the late Mrs. Pelletier became the bride of Gordon Schuyler, son of Mr. and Mrs. L. Milliken of Carmangay. Rev. King officiated.

The bride entered the chapel on the arm of her father who gave her in marriage. Her floor length gown was of white nylon organza over satin, with scoop neckline, lily point sleeves and an embroidered panel down the front. A pearl tiara held her waist length veil in place and her bouquet was made up of pink and white carnations.

Miss Betty Kemble, cousin of the bride, as matron of honor was gowned in aqua nylon and satin and carried a nosegay of carnations. Miss Della Row, as bridesmaid wore a pink satin dress, also carrying carnations.

Attending the groom were Carl Braun, and Ronald Pelletier, brother of the bride.

The groom's mother was attired in a turquoise sheath with white accessories. Her corsage was pink carnations.

Following the marriage ceremony a reception was held in the Legion Hall, Barons.

The bride's table was centered with a beautifully decorated four tier wedding cake, flanked by baskets of summer flowers.

Vic Kemble, cousin of the bride was Master of Ceremonies and the toast to the bride was proposed by her uncle Wm. Salberg, to which the groom responded.

Later in the evening a dance was held at the farm of Mr. and Mrs. John Hauser which everyone enjoyed. The newlyweds left after the dance for a honeymoon in

British Columbia and Montana.

MISCELLANEOUS SHOWER

A miscellaneous shower was held on August 19, at Barons in the Community Hall honoring Miss Audrey Pelletier.

The program was a variety of contests. The gifts were drawn into the hall in a decorated wagon by Joy Hack and Rhonda Clark and were presented by Mrs. Charlotte Clark.

Assisting Audrey in opening her gifts were her cousin, Miss Betty Kemble and Miss Della Row.

In charge of the guest book was Miss Dianne Gorzitz of Barons. A delicious lunch concluded the evening's entertainment.

CARMANGAY BRIDE HONORED

A tea honoring Mrs. Audrey Milliken was held at the home of Mrs. June Burke on Friday, Aug. 30.

Twelve guests enjoyed a program of contests during the afternoon. Each lady brought along a favorite recipe and these were presented to the honored guest.

A delicious lunch was served by the hostesses, Mrs. June Burke and her daughter, Mrs. Raema Nelson of Champion.

C.W.L. SPONSORS RAFFLE

The September meeting of the C.W.L. was held at the home of Mrs. Bob Hubka on September 5th. Father Marien opened with the League prayer.

President Mrs. Bob Hubka welcomed the two visitors, Mrs. Bach and Mrs. Kaiser who immediately became a member. The president thanked the members for their co-operation in making the lawn supper such a success with a special thanks to the young girls who assisted with the serving.

Mrs. Rudy Hubka read the financial statement and the conveners followed with their reports. A vote of thanks was extended Bob Parker and Glen and Bob Letal for their kindness in mowing the church lawn.

A motion was made that the C.W.L. sponsor the raffling of a girl's or boy's bicycle. Tickets will

Growing Winter Wheat?

THEN GROW

WINALTA

You can't afford not to — because:

WINALTA is outyielding Kharkove, Yogo and Velvet Chaff, 9 times out of 10, by as much as 40%. Therefore earns you more.

WINALTA has milling and baking qualities similar to hard red spring and should sell as readily. It'll give you cash when you need it.

WINALTA has proven very resistant to shattering.

WINALTA is earlier maturing than other varieties and it will often be possible to deliver your crop before the new quotas.

Don't lose money by waiting until next year. Use the reserve moisture you now have to the best advantage. Plant Winalta.

Certified No. 1 Seed **\$5.00 per bus.**Canada No. 1 Seed **\$4.50 per bus.**

You can recover your cash outlay when purchasing Registered or Certified winter wheat seed by saving your invoices and presenting them along with your commercial wheat to your local elevator when the Canadian Wheat Board announces their policy for the 1963-64 crop year.

Jubilee Highlights...

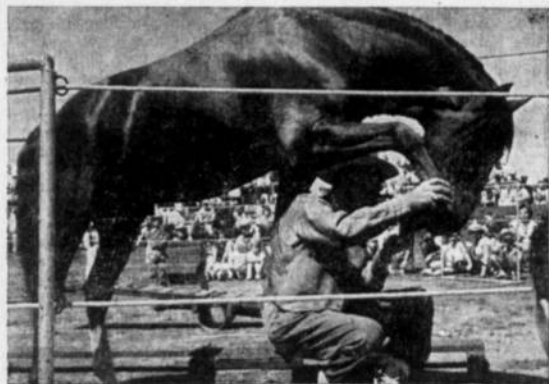

Another of the beard contest winners is pictured above. Morley Scobie in the white shirt and Stetson won the award for the best partial beard. With him is another finalist in this event, George Richardson.

Part of the street scene which greeted the Monday morning parade of Vulcan's 50th Anniversary is shown above. A cage full of "lions" with native guards makes up the Milo-Queenstown Lions Club float in the foreground, followed by two old hot-rods and decorated cars. Over at the school assembling grounds, horseman Morley Scobie claimed his mount almost left him afoot when confronted by these beasts.

One of the mounted groups is pictured on the Monday parade route during the 50th Anniversary celebration in the afternoon Gymkhana events at the sports grounds.

One item of the Monday afternoon show during Vulcan's 50th Anniversary celebration was the trained horse performance pictured above. The various routines executed by the horse as he obeyed his master's commands, were enjoyed by many.

Season Twitch

A traditional way to avoid trouble is to "head for the woods." Unfortunately, we are again entering that season when the woods are just about the worst place for which to head.

The fall hunting season is again flooding the country side with trigger-happy amateurs, armed with deadly firearms and literally out for blood. Judging by the record some of the blood could be yours or mine.

It's pretty well the same story all over. Across the line in the small state of Oregon last year, no less than 81 people were shot. . . and 12 of these were shot dead. As a result of such slaughter Oregon law now demands that it is unlawful for any person under a certain age to hunt without first obtaining and carrying a certificate of competence to prove that he has taken a course in instruction in the use of firearms.

The Oregon idea has been picked up by the Alberta Fish and Game Association, an organization that by its very nature understandably comes into difference of opinion with farmers. However, the responsible elements among them have risen to the challenge by offering to administer similar courses throughout the province.

This is not a completely unselfish gesture, for whose business is this if not their own. It is their pastime, and they should rightly make the greatest contribution to its maintenance. They are just indicating a willingness to accept the responsibilities that go with the privileges.

The Province has so far declined to accept the offer. But not the least of its merit lies in the fact that the Fish and Game Association offers the services of its 100-odd affiliated branches, rather than just asking the government to expand into another costly department. That in itself is refreshing. A spot check inspection could ensure that high standards are maintained.

GERMS DON'T LIKE CLEAN PREMISES

Since germs don't like clean premises, properly disinfected and whitewashed barns will reduce production costs. According to the Alberta Veterinary Services Branch, the value of a well organized sanitary program cannot be over emphasized.

Clean well-kept premises are an indication to prospective buyers of efficient management and healthy animals. In addition to keeping disease to a minimum, disinfecting and whitewashing discourages lice and other parasites. A coat of whitewash is a great help in keeping the dairy barn clean and the white walls will make it lighter during the short days ahead.

Before disinfecting and whitewashing is commenced, the building should be thoroughly cleaned. A disinfectant is efficient where there are large amounts of organic matter such as straw and manure. Walls, ceilings and ledges should be brushed down with a wet broom and the floor and sides of the stalls or pens scrubbed with a lye solution. One can lye dissolved in 2½ gallons of water is recommended for routine disinfecting. Accommodation, however, where infected animals have been confined should be scrubbed out with a solution containing two cans of lye to 2½ gallons of water or any other good disinfectant. Be sure to disinfect all feed and water troughs. This is doubly important in case of poultry, calves and young pigs.

For a whitewash that won't come off the following procedure is recommended by the Veterinary Services Branch. Using a stiff brush and wet cloth or hose, remove the old whitewash before applying the new. The water will take off the dirt and grease. Always apply the new coat while the surface is still damp. If the whitewash dries too quickly, chalking and rubbing are likely to result.

The whitewash solution should be made several days before it is used. Mix one bag of hydrated lime to 7 gallons of water. Then dissolve 6 pounds of salt in 3 gallons of boiling water and mix the two solutions together when they are cold. Stir 3 pounds of Portland cement into the final mixture and add a disinfectant, if desired.

EASTWAY

Reid Hill W.I. Celebrates 50th Anniversary

Continued from Front Page)

Mrs. French paid tribute to the four charter members present and commented on their activities. The charter members were Mrs. Agnes McKay, Mrs. Peter McIntyre and Mrs. A. McKague of Calgary and Mrs. G. L. Clifford of High River and each was presented with a lovely corsage by Mrs. C. L. Kuykendall and Mrs. A. Sales.

Mrs. M. L. Todd presided at the piano and accompanied the singers in a medley of old songs, arranged by her. A fine reading by Miss Nettie Ware of the Kirkcaldy branch was much enjoyed and another comic reading by Mrs. French was much appreciated.

A roll-call of deceased members was read by Mrs. E. Deal and one minute's silence observed. The presentation of the scroll was made by Mrs. Neva Neuman, District Director. Messages of congratulations received by the branch were read by Mrs. P. Myers and a beautiful bouquet of flowers, sent by the Thigh Hill branch was gratefully acknowledged.

The piano solos, played by Leta Roe were much enjoyed as was the humorous reading "Pure Corn" given by Mrs. Knutson of the Champion branch.

Mrs. Agnes McKay, one of the charter members present, was the first convener of Little Bow constituency, being elected in 1918,

while the most recent convener, Mrs. Frank Little of Champion was also present.

The hall, under the capable direction of Mrs. Marshall was most beautifully decorated for the occasion, with the W.I.'s colors of blue and white predominating. There were lovely streamers and a profusion of flowers.

Mrs. Frieda McRoberts was in charge of the Guest Book, while the visitors were greeted by Mrs. E. G. McPherson. Draws were made for two door prizes, by Mrs. Fitzpatrick, with Mrs. Knutson and Mrs. McPherson holding the lucky numbers.

Among those present from a distance and former members were Mrs. Stanley Hemingway, Mrs. Andy McKague and Mrs. H. C. McFarland of Calgary, Mrs. G. L. Clifford, High River and Mrs. Jim Hampton of Turner Valley.

A delicious and dainty lunch was served after which all joined in singing Auld Lang Syne.

Saturday night, August 17, was the rainiest, coldest night of the summer and also the night chosen by the Vulcan Kinsmen Club to hold an outdoor steak barbecue. Undaunted, club members and wives put away full platefuls of steak, corn, salads, etc. before the rain came to drive them inside.

Shown stacking their plates for probably the second time around are left to right, Jackie Lucas, Elaine Schneider, Romona Pickersgill and Mike Jantzie. Wearing an apron and worried look in the background is convener Amond Hyslip.

The above scene at Vulcan Elementary school was repeated all over the County on Tuesday, Sept. 3, as students returned to class-

Cora Rinehart Owned And Operated First Hospital

(Contributed)

Vulcan's first hospital was opened in the fall of 1917. It was a four room house located on lot 9, on the corner of 1st street and 5th avenue, house number 429. It was owned and operated by nurse Cora Rinehart who continued to operate the hospital until December 1928.

In 1918 an addition was made. The hospital was mainly for maternity cases but minor operations were also performed.

At the time it was the only hospital between Calgary and Lethbridge. Doctor Knowles was the doctor who encouraged Miss Rinehart to build and operate the hospital.

At the first, coal oil lamps were in use in most of the houses in Vulcan and the house was heated by a coal range and coal heater which was the fuel available at that time. Water was hauled over

the town and bought by the barrel for cooking. A tank to catch rain water was installed in the cellar. The hospital had its own sewage disposal system. There was a good phonograph to provide entertainment for the patients.

During the flu epidemic of 1918 the hospital was used for flu patients. Both Doctor Knowles and Miss Rinehart contracted the flu and others had to step in and carry on.

Some of the doctors in the early days of service were: Dr. Wark; Dr. Carson; Dr. Almond. The drug-gist serving was Charlie Jones. Some of the nurses who worked in the hospital were: Miss B. Leverington and Mrs. Ada Gossett. Mrs. Wilhart and Miss Nellie (Middleton) McLean also aided.

The charge that covered all costs to maternity patients was \$1.00 a day while in waiting and \$1.50 when confined. There was no government aid in those days.

During the fall of 1928 Miss Rinehart was compelled to cease operations due to her own health. Miss Rinehart came to Alberta from Ohio in March 1909, passing to her reward in December 23, 1956, due to cancer. Interment was made in the Vulcan Cemetery December 26, 1956. Miss Rinehart was a member of the Vulcan Church of Christ.

As long as Miss Rinehart lived, this kind, conscientious woman's aim was "Help Others", and she wanted only to "Live by the side of the road and be a friend to man."

All honor to Vulcan's pioneer hospital promoters. It is due to such people that Vulcan has been noted as a progressive town.

The game of golf originated in Holland, was developed in Scotland and introduced in North America at the Royal Montreal golf club in 1873.

August County Committee Meetings

Continued from Front Page)

A recognized public school would be a school for retarded children. It was moved and carried that the principals be advised that it is the policy of the School Committee that principals hold teacher meetings or A. T. A. meetings in their schools in rooms other than regular classrooms.

Municipal Committee Meeting

A meeting of the Municipal Committee of the County of Vulcan, No. 2 was held in the Council Room, County Building on Wednesday, Aug. 14 at 8:00 o'clock in the evening. Committee Chairman Ivan Haga presided, and committee members M. Willard, D. McNiven, F. E. Hubka and A. W. Ulrich were present. Also present at the meeting was D. D. McQueen, Secretary-treasurer, M. Dersch, J. O'Reilly and Robert Brown.

A discussion was held over grading the road on the north side of Section 15-16-25-4, a continuation of the grading being done on the Nanton road. It was moved and carried that this mile be included and graded this year.

Committee members spent considerable time discussing the cost of fencing, and the matter of reimbursing ratepayers for moving fences. No decision was reached as to any change in the present policy.

County Council Meeting

The regular August meeting of the Council of the County of Vulcan, No. 2 was held in the Council Room, on Friday, Aug. 16 at 10:15 in the forenoon. Reeve Jack Dietz presided and Councillors F. E. Hubka, A. W. Ulrich, Ivan Haga, R. S. Irwin, A. Cutforth, A. McAllister, M. Willard, J. M. McKay, Frank Thurber and D. McNiven were present. Also present at the meeting was D. D. McQueen, Secretary-treasurer.

The financial statement for the month of July was read. The secretary-treasurer drew the councillors' attention to the amount of expenditures in the various categories at the end of July, and compared these with budget figures. It was noted that there was still \$540,000 unexpended. Information was given to the Council that tax collections for 1963 had amounted to about 70 per cent which was about average for this time of the year.

A letter from the Department of Highways in respect to bridges and culverts in irrigation districts was read. The letter asked that Council agree to the regulations which were being proposed by the Department. The councillors discussed this matter and requested copies of the regulations for study, and it was moved and carried that this matter be tabled for one month.

The secretary-treasurer read a copy of a letter written to A. M. Brownlee from the Secretary of the Board of Industrial Relations in respect to the hours of work act, and drew attention to the fact

that the Board had issued Orders No. 23 and 31 which had exempted employees of rural municipalities who work at road construction and maintenance from the hours of work and overtime pay. This letter was read to the Council for its information, and it was pointed out that no other employees of the County were subject to this exemption.

It was moved and carried that the County of Vulcan hold a Nomination Meeting in the County Office, Vulcan, on Saturday, Nov. 2, 1963 for the purpose of the Returning Officer accepting nominations from 3:00 to 4:00 o'clock in the afternoon.

Mr. Nelson, representing a firm of engineers of Calgary, interviewed the Council in respect to engineering certain paving projects in the County. Councillors obtained information from Mr. Nelson in respect to various plans and took this matter under advisement.

Mr. McKay, Chairman of the School Committee, reported to the Council in respect to the activities of the Committee during the month, and gave a complete report on the plans to date in respect to the application being made for an addition to the High School, to include vocational instruction in the commercial pattern. Sketch plans had been prepared and statement of need had been forwarded to the Department of Education in Edmonton, and it was anticipated that another interview would be held. Mr. McKay thought that the final approval to the project would not be known until a month, but it was hoped that building operations could commence early next spring.

The municipal Committee Chairman, Mr. Haga, reported in respect to the public works program and the progress being made up to the present time. It was noted that one extra mile of grading had been authorized in the north side of Section 15-16-25-4.

Mr. Haga advised Council in respect to the condition of the well at Kirkcaldy and receiver authorization to have the well fixed. It was moved and carried that Burke Moving Co. be required to fix the sidewalk which was broken at Lomond when moving the teahouse.

A letter from the Department in respect to naming a person to act on the Surface Reclamation Committee, was read. Council took no action to appoint such a member believing that the government officials would act for the County in a satisfactory manner.

LEGITIMATE COMPLAINT?

"These eggs are very small," complained the housewife to the store manager.

"Straight from the farm this morning," was the reply.

"That's the trouble with the farmers," she persisted. "They are so anxious to get their eggs sold they take them out of the nest too soon."

School Graduation

Continued from Front Page)

In an address punctuated equally with entertaining humour and strong words of advice for the graduates, guest speaker L. Hall, Inspector of Schools for the Lethbridge area, commended the administration and the students for the success attained and also complimented the parents who, he said, encouraged their boys and girls to persevere and complete their high school studies. He claimed it is the moral obligation of parents to give their children the opportunity of education and also to see them through to graduation. He felt residents and merchants of the community could help "sell education" by showing a more active interest in the progress of students throughout the year.

Turning to the future of the students the speaker emphasized that graduation is just one step in the path of life and further learning and moulding of careers produces the goal of education. "These are citizens who are privately happy, publicly useful and able to and anxious to keep up with the world."

Mr. Hall assured the students that education is not just confined to the university level but that the growing need for those adaptable to technical skills is evident and recognized and in this regard the government is helpful in development of such vocational schools.

In closing Mr. Hall urged graduates to "Devote part of your life to the appreciation of the service and help you have received from your parents, your teachers and public around you and reflect this appreciation by being of service and value to others in public living and in relationships you establish in this world."

"A" awards depicting, in this case, recognition of high scholastic achievement were presented to the following students; Norma Nelson, Sam Berger, Eda Lever, Bill Tompkins, Jean Hess, Clarence Graff, Margaret Jamison, Shirley Deal, Shirley Markert, Edna Sanderson, Dora Campbell, Ruth Holoboff, Wallace Prater, Carolyn Haga, Wesley Schierman, Jim Wilson, Ross Ens, Blaine Knapp, Frances Ferguson, Sandra Beatty, Daphne McFadden, Donna McKay, Marlene Bertschy, Roy Hurnanen, Terry Moore, Maxine Atkins, Gerald Arney and Les Krasman.

The graduation evening was completed with a dance in the auditorium to the music of Fraser's orchestra.

Anniversary Reunions Enjoyed By Oldtimers

A few of the visitors attending Vulcan's 50th Anniversary celebration are shown as they drifted in and out of the Legion reunion centre during the afternoon band concert given by 153 Co. RCASC Band from High River.

Everyone enjoyed the Monday sunshine during the 50th Anniversary, including this small handful of delicate dog. It's owners were

friends of the Ernie Leighs who came over from High River to play with one of the bands which entertained Monday.

For two days over the Anniversary weekend ice cream cones were out of style because of the rain, however, the lad in the photo above ran a double shift in the hot sun at the ball diamond Monday during the beard contest.

Everyone is reminded of the open house program for the Manville family and the birthday party of Mr. Manville, Sr., to be held in the IOOF Hall.

ENSGIN

Harvesting is well underway in the district and farmers are hoping that the lovely harvest weather of the past week will continue.

Mr. and Mrs. Jake Heide, Linda, Jim and Judy attended the annual Labor Day Bible Conference at the Crownest Bible Camp.

Miss Beverley Thorp is teaching grades five and six at the Brant school.

Mrs. Mary Ruark was a visitor to Calgary on Friday of last week.

Mr. and Mrs. Glenn Toews and son Jack of Purple Spring have taken up residence in the Wheat Pool house. Glenn is the new Wheat Pool grain buyer in Ensign, replacing Ken Stephensen who has moved to Champion.

Miss Janice Hunter started her nurse's training course at the Holy Cross Hospital in Calgary on Monday, September 3.

Visitors at the home of Mr. and Mrs. Nap Flebotte on Sunday were Mr. and Mrs. Daniel Danis and baby daughter and Mrs. E. J. Rousseau all of Calgary.

Friends of Art Finlayson were sorry to hear that he is a patient in the Holy Cross Hospital in Calgary where he underwent an appendectomy. All wish him a speedy recovery.

Miss Daphne McFadden of Calgary was home for graduation and won the award for the highest marks in shorthand at the Vulcan High School.

Mr. and Mrs. Jess Gothard of High River were last Sunday visitors at the Clarence Mote home.

Mrs. Winnie Jackson and Miss Jessie Welsh were visitors at the homes of their sisters, Mrs. Eric Thorpe and Mrs. Mary Ruark.

LADIES COMMUNITY CLUB

The Ensign ladies community club held its monthly meeting on Wednesday, September 4, with 11 members and three visitors present.

The annual turkey supper was discussed and due to the shortage of helpers it was decided to cancel the supper for this year with hopes of being able to hold one next fall. It was also decided to hold a pot luck supper sometime in the early winter. When the date is set it will be announced in the Advocate.

The surprise box was donated by Mrs. Ollie McFadden and won by Mrs. Lydia Flebotte. Lunch was served by Mrs. Ollie and Elsie McFadden.

The above photo recalls Vulcan's July 1st 50th Anniversary weekend during which the Sunday afternoon Lions Club barbecue was held. Part of the lineup is shown in the arena where the event was

hurriedly set up when rain forced it to be moved from the park area. Lion cooks played the old guessing game that Sunday morning of trying to anticipate the size of the afternoon crowd, in view

of the weather. They cut their meat supply well down and barely breathed by when the eating commenced. The crowd estimated was in excess of 700.

4-H AND YOUR CHILDREN

Do you have a 4-H club in your district? If you do you are undoubtedly aware of the benefits this movement offers. If not, why not consider initiating a club?

This year 4-H is celebrating its 50th year of operation in Canada. It presently has a membership in Alberta of 7,500 boys and girls in 500 clubs. The 4-H's stand for Head, Heart, Health and the members have adopted the pledge:

I pledge:—

My head to Clearer Thinking
My heart to Greater Loyalty,
My hands to larger service and
My health for Better living
for my club, my community
and my country.

By association and working with other people, by public speaking and the challenge to exceed, and by learning the best methods in agriculture and homemaking, a 4-H member can live up to this worthwhile promise.

What are these projects? The homemaker are clothing, food, gardening or home decoration clubs and the Agriculture beef, grain, sheep, swine, dairy, poultry, sugar beet clubs. In all clubs with exception of clothing, food, and home decoration both boys and girls participate. Detailed project books are supplied to each member, the complexity of the project increasing each year.

The motto of 4-H, "Learn to Do by Doing" is carried out by actual practice in these projects. In the homemaker projects—the clothing clubs start sewing simple articles planned to introduce the basic techniques of sewing and in following years sew garments in cotton, wool and the synthetics. Detailed study of wardrobe planning good grooming and etiquette is also included. The food clubs prepare all types of foods, study menu planning and nutrition, table setting, entertaining and etiquette.

To form a club there must be a membership of at least 8 people in the homemaker projects and 12 in the agriculture projects. They must be 12 years of age or over. Leadership is supplied by citizens in the community, no particular experience is required and supervision is provided by the D.A.'s and D.H.E.'s.

The climax of the club year comes with the achievement day. Club work is displayed and judged and generally followed by a program of the year's activity. Efficiency and special award winners are announced as a result.

Interclub activities are many. Each year a Rally is held for the homemaker clubs, one top club member attends Provincial Club Week at Olds. A camp is held in the summer and a public speaking competition in the winter. Some clubs get together for picnics, socials or combine their achievement days. Perhaps the most exciting event is Provincial Eliminations where the top club members in the province compete for the many award trips that are available. These include the Royal Winter Fair, the Washington and Montana 4-H Congresses.

Do you have young people in your community who would benefit from this program? If so, or if you would like further information contact your D.A. or myself as soon as possible. The clubs will be organizing shortly.

ARMADA

Last Thursday the FUA frozen fruit was delivered to the Armada schools.

Mrs. Dorothy Henrickson and Mrs. Shirley Henrickson were Lethbridge visitors last Saturday. Last Monday Mr. and Mrs. Art Marks and family and Mrs. Stan Marks and family were visitors to Patricia to attend the race meet. Congratulations to Art Marks on winning second prize in the chariot race, also to Gary Marks who won several prizes with his race horses.

Congratulations to Mr. and Mrs. Ike Theissen of Red Deer on the birth of a daughter last Tuesday, a sister for David. Mrs. Theissen is the former Iva Bennett.

Mr. and Mrs. Stan Marks and family were Calgary visitors last Saturday.

Mr. and Mrs. Leo Herman of Calgary were Sunday visitors at the home of their son-in-law and

daughter, Mr. and Mrs. Raymond Beagle.

The Armada Community Club held their September meeting last Wednesday evening at the school with Mrs. Rene Chambers as hostess. All members were present except for two. Committees to look after lease dinners were drawn. Each member is to bring an old coat to be made into a quilt for the Unitarian. A delicious lunch was served by Wilma Boe and Amy Stokes.

Mr. and Mrs. Orville Herman and family of Brooks were Sunday guests at the Raymond Beagle home.

Miss Linda Lucas who is teaching grades three and four at Cluny this year, spent the weekend at the home of her parents, Mr. and Mrs. Bill Lucas.

Mr. and Mrs. Tom Lucas and Mrs. Alec Grant and Patty of Vulcan were Thursday callers at the Gordon Lucas homes.

Mrs. Wilma Boe and family and Mrs. Audrey Lucas, Terry and Wendy were Rainier visitors last Saturday.

Harvesting is nearing completion in the district, with the exception of flax. Wheat, oats and barley average well above the normal yield of this district.

The little daughter of Mr. and Mrs. Stewart Christensen returned home last Monday from the Lethbridge Hospital.

Mrs. Ruth Rittenhouse and small daughter Diane of Lethbridge were Sunday visitors at the home of her parents, Mr. and Mrs. Frank Boyd. She was accompanied by her cousin, Rev. and Mrs. Donald Pettit and their infant son, Warren of Regina. Mrs. Boyd and Bonnie joined them for a short visit at the farm to see Harvey and Frank. Rev. Pettit is a nephew of Mr. Boyd.

Harvey Boyd accompanied Sylvia Reed to Calgary Friday night. Mr. and Mrs. Chris Reed of Shouldice were Sunday evening visitors at Harry Boyd's.

"Better consider my course in efficiency training. I can show you how to earn more money than you are getting."
"I do that now."

ARROWWOOD

Congratulations to former Arrowwood students who received their diplomas for Grade XII at Vulcan on Friday. They were Raymond Siracky, Dennis Burriss, Bob Cockwill and Gene House. Academic awards were given to students who stood highest in their class, those receiving these awards were Gerald Arney for Shop 10, Ruth Holoboff for Math 11 and Science 12, Sam Burger for Social Studies 10, Literature 10, Language 10 and Science 20.

Carol King finished her Grade XII at Mount Royal College and is now working for Alberta Government Telephones Calgary. Nadine Arney has entered the University Hospital, Edmonton for Nurses Training. Gene House is going to University at Corvallis, Oregon. Linda Arney will be returning for her third year at LaVerne College California, Maureen House is returning for her third year at the University at Corvallis, Oregon. Our best wishes go to all these young people.

Welcome home to Mr. and Mrs. Tom Board, who have spent the summer in England.

The Arrowwood FWUA held their regular meeting, with a small attendance. Plans were made for the conference to be held at Arrowwood on October 9. Dinner will be served by the local. Cost of education was discussed. Mrs. Mabel Ward gave a Sunshine report with several in the district being remembered during the summer. The local will sponsor the Blind Drive in October and would appreciate having some canvassers volunteer for the job. Mrs. Dodd House gave a very interesting demonstration on making corsages and all the ladies wore corsages home. Lunch was served by Mrs. Helen Ingraham, Mrs. Emma Brown and Mrs. Irene Oberholzer.

Harvesting is in full swing in the district with wheat yields reported at from 5 bus. to a good 40 bus. per acre, depending on when it was seeded and whether it has rust or not.

Correction in last week's news. It should have been Mr. and Mrs. Oldford and not Mr. and Mrs. Oldfield.

The district wish to welcome the two new teachers to the teaching staff, Miss Knive from Vulcan and Mr. Burton and family from Toronto.

"We needed it *now*, the bank said yes, so..."

Many a household purchase like this starts with a bank loan. People find that the simple, natural thing to do is to borrow where they save—at the local bank. In fact the chartered banks are the largest single source of consumer credit loans, both in number and value.

Through the years the chartered banks have made it increasingly easy for people to borrow, at reasonable rates, for almost any worthwhile purpose: the

purchase of a car...a new home heating system...a son's or daughter's education...a family vacation...

Three out of four bank loans are to individuals for their personal credit needs. And the total amount of such loans has almost doubled in the past five years...further evidence of the way bank customers are relying more and more on their local branches for borrowing as well as for all other financial services.

TREATED GRAIN IS DANGEROUS

Don't be careless in handling and storing treated grain. Anyone who delivers, treated grain to an elevator is violating the law for which fines up to \$2,000 may be imposed.

Alberta's Field Crops Commissioner A. M. Wilson points out that the penalty for this offence is very strict because of the seriousness of contaminating the food chain. Also the delivery of a small amount of treated seed to commercial elevators could cast suspicion on the millions of bushels of Canadian grain which are sold annually at home and abroad.

Seed treatment with mercury compounds is recommended for destroying the fungus which causes smut and for eliminating other organisms which are injurious to seed and seedlings. However, if treated seed is used for animal or human food it can be very detrimental to the health of both.
